

Progress: Theater Building Razed

Revealing the method of building in the early days and making progress in the community, the old Everglades Theater building is being torn down to make way for growth.

Work has nearly completed the demolition of the Everglades Theater building at E. Main and Ave. C on their way toward the construction of a service station on that corner. Its destruction has brought about a nostalgic thought or two of the structure's beginning and function.

"Opened the day of the flood in 1932, when we had 11 inches of rain here and much more than that in Canal Point," the old Everglades Theater has been at times the focal point of community activities in religious, civic and entertainment fields.

"Now, progress has brought about the end of this once principal building of the community," the Kirchman organization will add the lot to that of the station on the south and come up with a super-duper sign.

Chamber Tastes, Sees And Studies
New Concept Of Prison Operation

"It's very evident that there's a new concept of prison operation, and we as citizens appreciate this and the attitude of the management toward residents of the community and the public," Luther Jones told Superintendent D. R. Large and his staff Monday following a luncheon and a trip of inspection by some two score local business men and women of the Belle Glade Chamber of Commerce.

Following a luncheon in the prison general dining hall and a visit to the dormitory, sick bay and grounds, the group was given a free hand in questions of the prisoners and efforts toward teaching them a trade in preparation for life after release.

More freedom from monotonous restrictions—a readjustment of mental attitude through sincere efforts with instruction, book learning and practice along lines pin-pointed through classification.

In addition to repairs and rehabilitation to the building, more recreational facilities have been provided and more freedom given to use these facilities.

THE BELLE GLADE HERALD, BELLE GLADE, FLORIDA OCT. 23, 1958

SUBSCRIPTION -- \$3.00 PER YEAR

MASSIVE REHABILITATION WORK BEGINS FOR PAHOKEE

Mayhem Crowds Local Police Blotter This Week

Belle Glade police experienced one of the busiest weeks of crime in the city this year as they witnessed a parade of offenders being placed in jail for a menagerie of crimes ranging from disorderly conduct to murder, Police Chief Charles Goodlett reports.

Twenty-six offenders were charged over the weekend—not including Friday's offenders—and the total doesn't include seven juveniles apprehended for breaking and entering during the past two months.

Eye witnesses reported to police that 44-year-old Alfred Dexter, Belle Glade Negro resident for over 20 years, fatally shot his wife, Sally Ann, about 8:45 Saturday night on her home at 116 N. W. 9th St.

By late Wednesday Police Chief Goodlett told The Herald that Dexter was still at large and that a federal warrant for his arrest had been issued for the man.

He said he had received reports that Dexter was still in the vicinity.

Three Negro juveniles reported in an alley were stopped for questioning. Subsequent investigation led to the possession of some 15 incidents involving at least seven other juveniles.

In addition to the above incidents, three persons were charged for offenses from 4 p. m. through midnight Saturday. Offenses for the weekend included several assault cases with objects such as a length of two by four lumber, a hoe, dish and knives; drunk and/or disorderly persons; and other offenses such as public profanity, gambling, prowling, violations of the beverage laws and so on. (Continued on Page Seven)

Progress Seen On Sewer System

Some lines in the collection system for Belle Glade's sewer system have already been laid and workers are continuing their work.

According to a report from the construction firm of Russell & Axon progress on the treatment plant has been normal with no delay. Roemer Construction Company has placed the concrete for the bottom slab of the final tank. Excavation has been completed for the aeration and concrete has been placed for the concentration hopper of the primary tank.

Meanwhile Inter-County Construction Company has blocked off streets and started gouging huge holes in the ground as their work progresses.

This week Avenue A from S. W. 5th through S. W. 8th Streets is closed. The avenue from A to C Place between 6th St. and 8th St. are also closed.

The construction is proceeding in all directions, according to an aside-comment by City Clerk Frank Anderson.

Colonel Paul D. Troxler, District Engineer for the U. S. Army Engineer District, Jacksonville, awarded two contracts today totalling more than \$1½ million dollars.

A dredging contract in the amount of \$1,825,400.00 was awarded to Western Contracting Corp., of Sioux City, Iowa for enlarging the channel of the Jacksonville to Miami Intra-coastal Waterway from Wabasco to Fort Pierce.

The second contract in the amount of \$1,742,514.00 for construction work on the giant Central and Southern Florida Flood Control Project was awarded to James H. Cross of St. Petersburg.

Construction will then continue downstream from Spillway D along the west or opposite side of the levee from Hillsborough Canal to Structure 39 at the southeast end of the work.

Solicitor Nugent Checking On Fight

County Solicitor Charles A. Nugent is investigating a fight in which District Eight Constable W. L. (Buck) Lee allegedly "pistol whipped" wholesale grocerman James Cook which occurred at Cliff's Bar at South Bay early in the morning of Oct. 16.

Cook signed a complaint that Lee struck him on the head during the altercation which Nugent believes stemmed from the recent election run-off Sept. 30 wherein Lee was defeated by a narrow margin.

Nugent told The Herald that he has talked with both parties and plans to take sworn testimony from both Cook and Lee this afternoon at West Palm Beach while Lee will make a statement next Monday.

Nugent said that on the basis of preliminary information from both men and from eye witnesses, Lee did not provoke the argument.

Cook was treated and released from Belle Glade Memorial Hospital. A suit filed by Lee's attorney in Circuit Court seeking to void the election returns from one precinct in the district will not be affected by action by Nugent against Lee, Nugent stated.

No further action has been announced concerning the suit to disallow election returns that would unseat W. R. Kirk as the supposed Democratic candidate for District Eight.

Slaughter Prices Steady At Market

Slaughter cattle sold steady over a week ago at the Monday Glades Livestock Market Sale while stocker cattle were steady to lower in a sale that saw 50% of the head cattle going to slaughter.

The offering of 226 steers, 81 heifers, 160 calves, 147 cows and 25 bulls returned \$74,810.95.

LAUGHTER PRICES
Steers: Steer 21.25-22.00, Uty 20.00-21.75, Cut 18.00-20.00. Can 15.00.

(Continued on Page 8)

Twister Plays No Favorites In Smashing Its Path Through Pahokee

Through the combined efforts of individuals, church groups and civic organizations, Pahokee residents are picking up the pieces of their homes and attempting to repair the damage from the tornado which swept across a portion of the city early Sunday.

A maze of volunteers poured into the city when the first word of the twister's damage was known. The big blow spawned on the lake and hit the Glades Palm Beach County Airport first. From there it dashed through open fields ripping Australian pine trees down, smashed 24 of 27 dwellings near SR 15 and Farmers' Market Road then roared into the Pelican Lake area and on to the Pratt-Wittney development at the Martin County line.

First radio and press reports were distorted. One national radio news flash reported Pahokee entirely leveled. This caused calls from as far away as California to inquire about friends and relatives.

One Negro, John Gray, 70, was killed another, James White is in critical condition at Pine Ridge Hospital. West Palm Beach, Pahokee Hospital treated 16 persons. Pine Ridge and Good Samaritan Hospitals admitted others for treatment.

About 60 families were homeless. The Salvation Army and American Red Cross was on the scene. The Red Cross, officially set up in Hull's Packing house, has moved to City Hall to aid the homeless.

By Wednesday afternoon some 35 families had been aided by the Red Cross.

The Volunteer Fire Department from West Palm Beach set up a canteen; the Lake Okechobee Unit of the Florida Highway Patrol Auxiliary put their force to work directing traffic. Civil Air Patrol members assisted.

Belle Glade volunteers helped, and from all over the Glades calls flashed to Pahokee with offers of help.

Florida Power and Light Co. reported three transmission poles and six local distribution poles under attack. Service was restored by 2:30 p. m. Sunday. No estimate of the damages was available.

Zeke O'Farrell, group manager for the Glades with Southern Bell, reported that about 25 telephones were out temporarily but were restored by Sunday evening. Long distance calls more than doubled as off-duty workers returned to their jobs.

"It's important that calls be kept to a minimum during an emergency of this sort," O'Farrell reminded, "so that police and fire department calls can get through."

Concerning the damage, O'Farrell said many lines in the area were underground and this fact prevented more damage.

From Everglades Memorial Hospital Administrator Luke Charles Smith.

P. T. A. Carnival Workers Ready For Big Event

The annual Halloween Carnival sponsored by the Belle Glade School P. T. A. will be held on Thursday night, Oct. 30, beginning with the costume parade at the football field at 6:30 p. m. immediately following the judging of costumes, the carnival will begin on the elementary school grounds.

City Denies Plea In Rate Hassle

After hearing a legal opinion Wednesday on whether the Florida Railroad and Public Utilities Commission could be called into a local businessman's dispute with Florida Power & Light Co., the Belle Glade council took no action thereby denying a request which the cafe owner made at the Oct. 9 meeting.

City Attorney Claude Jones told the council they could legally make such a request; however, the council declined to do so solely for the benefit of one merchant. Jones recommended their action.

The council went on to approve, on trial basis, a one-night-a-week municipal corporation meeting at 7 p. m. with plea days on Mondays, Thursdays and Saturdays at 10 a. m.

The action will reduce court traffic and not require off-duty police officers to return to duty twice each week for court.

In connection with the court change, emergency ordinances were passed creating a new deputy clerk for court and separating the appointments of city clerk, tax collector and assessor.

The council also: Amended an ordinance to stagger appointments to the library board.

Hired a dog catcher at \$160 per month who will work under the police department in other duties as well.

V. F. W. Officials Coming
Veterans of Foreign Wars of District Three will be guests of honor at a potluck supper held Tuesday evening at 8 p. m. by V. F. W. Post 8161 at the American Legion Hall according to 8161 Commander Charles Smith.

Mrs. Markham had a clinic checkup at Duke University Hospital and Mr. Brackin was a patient at the hospital for the week they spent there. Mr. Brackin is reported greatly improved but has not returned to full time work at his store.

Rainbow Confers Degrees On Two

Mother Advisor Mrs. Mary Schlechter conferred the majority degree on Mrs. Bobby Engfinger, the former Frances Layfield and Mrs. Enrico Ruffolo, the former Mary Belle Schlechter at the regular meeting of the Order of Rainbow Monday night.

Mrs. Meda Wiser, worthy advisor presided. Committees appointed for the rummage sale to be held Nov. 22.

FHP Auxiliary Barbecue Lake Okechobee Unit of the Florida Highway Patrol

Barbecue Monday, Oct. 27 at the FHP barbeque at Pahokee. Auxiliary members, highway patrolmen and Pahokee police officers only.

Members of the unit are American Legionnaires from posts at South Bay, Belle Glade and Pahokee.

New Arrivals

Oct. 4 — Mr. and Mrs. J. M. Friedheim (Joyce Allen) of Gainesville, announce the birth of a daughter, Angela Joyce, weight 6 lbs. 5 oz. The paternal grandparents are Mr. and Mrs. Joe Friedheim of Belle Glade.

Oct. 10 — Mr. and Mrs. Hurley Harrell (Lavern May) General, Delivery, Bean City Fla., announce the birth of a daughter, at Belle Glade Memorial Hospital.

Oct. 13 — Mr. and Mrs. William Snedeker (Ruby Lee Chambers) 166 N. E. 4th St., Belle Glade announce the birth of a daughter, at Belle Glade Memorial Hospital.

Oct. 18 — Mr. and Mrs. Milton T. Clinard (Marilyn Lou Berry) 1517 N. W. Ave. F. Belle Glade, announce the birth of a son, Thomas Ray, at Belle Glade Memorial Hospital.

Oct. 17 — Mr. and Mrs. Andrew Laney (Paye E. White) Box 93, South Bay, announce the birth of a son, Randall Ruel, at Belle Glade Memorial Hospital.

Oct. 19 — Mr. and Mrs. Charles Knight (Ellen Leatha Spradling) Pahokee, Box 164, announce the birth of a son at Belle Glade Memorial Hospital.

Classes On Episcopal Church Begin Sunday

Classes of instruction on the faith, work, worship, and discipline of the Episcopal Church will begin Sunday, October 28th at 6:00 p. m. The classes will be given at the Church of St. John the Apostle, 225 N. W. Avenue G, by the vicar, the Reverend Robert N. Huffman.

The instruction is to prepare candidates for the Sacrament of Holy Communion, to be administered late in January of next year by the Suffragan Bishop of the Episcopal Diocese of South Florida. Father Huffman announced that though the primary end result of the classes is Confirmation, they will be conducted on the basis of inquirers' classes for any and all who wish to learn more about the Episcopal Church.

Included in this series will be talks on the life of our Lord, history of the church, the ancient Creeds, the life of prayer, public worship, and Christian behavior. All those interested are urged and invited to attend the first class his Sunday evening, or failing that, to contact the vicar.

Belle Glade High School News

Seacrest Hawks Hand Rams Fourth Defeat Of Season Thursday 27-19

The running and passing attack of Seacrest's backfield put Belle Glade on the short end of the 27-19 score at Memorial Field Thursday night in a football game that was pegged to be a defensive battle of wits.

The Sea Hawks ripped open the Ram line for 14 points in the second quarter then added 13 more points for spice when a suddenly-awakened Ram squad began to close the gap in the second half.

Halfbacks Joe Clark and Mike Olsen shared ground-gaining honors with Fullback Jim Ray while the sharp passing arm of Jerry Richardson stung the Rams continually.

With Billy Lee ineligible and Skipper Poole benched by Coach Jim Maynor, the Rams went on to play good ball in the second half after the Hawks held them to 35 yards on the ground in the first half.

Defensively David Binkley, Butch Bass and Russell Barry stood out while Jeff Thomas and John Chamblee rolled up good yardage along with Roger Walker offensively when the latter three weren't doing an equally good job of stopping Sea Hawk advances.

Coach Lee Dimon's Hawks marched 53 yards to score in the second quarter with five minutes remaining. Richardson's passes to Ed, William Saunders and Hal Biddy Johnson helped Fullback Ray plunge across from the three.

Three minutes later they marched 33 yards to score when Richardson sneaked over from the line.

The Rams snapped back in the second half and went 60 yards in eight plays with Chamblee and Thomas lugging the mail. The Hawks then took ten yards to score from their own 32.

The Seacrest out-of-bounds kickoff was put into play on the

40. On second down Olsen intercepted a pass on the 43 and went 57 yards to score again.

The Sea Hawks recovered their own kickoff after that and marched to the Ram 25 where Belle Glade took over on fourth down. Chamblee and Thomas moved the ball to their 40. This was staggered and side-stepped to the 30, faked three defenders, saw daylight at the 25 and out ran the remaining defenders to score while team mates provided some of the best running blocks of the year.

Late in the fourth period Seacrest was forced into their only punt of the evening. Walker returned the ball to the 48. Chamblee and Walker alternated in runs to the Seacrest 12. Thomas took over and swept right end for the third quarter. Chamblee passed to Phil Pearce for the extra point.

Three minutes later they marched 33 yards to score when Richardson sneaked over from the line.

The Rams snapped back in the second half and went 60 yards in eight plays with Chamblee and Thomas lugging the mail. The Hawks then took ten yards to score from their own 32.

The Seacrest out-of-bounds kickoff was put into play on the

40. On second down Olsen intercepted a pass on the 43 and went 57 yards to score again.

The Sea Hawks recovered their own kickoff after that and marched to the Ram 25 where Belle Glade took over on fourth down. Chamblee and Thomas moved the ball to their 40. This was staggered and side-stepped to the 30, faked three defenders, saw daylight at the 25 and out ran the remaining defenders to score while team mates provided some of the best running blocks of the year.

Late in the fourth period Seacrest was forced into their only punt of the evening. Walker returned the ball to the 48. Chamblee and Walker alternated in runs to the Seacrest 12. Thomas took over and swept right end for the third quarter. Chamblee passed to Phil Pearce for the extra point.

Three minutes later they marched 33 yards to score when Richardson sneaked over from the line.

The Rams snapped back in the second half and went 60 yards in eight plays with Chamblee and Thomas lugging the mail. The Hawks then took ten yards to score from their own 32.

READY FOR ALL BUSINESS at their new Gulf service station at Main and S.E. Ave. E are (l-r) Frank Cochran and Lawrence Connell who began operation at the busy corner Oct. 3. Another business firm in Belle Glade proves we're growing every day!

Another New Business Is Operating

Another Gulf Service station has gone into operation at Belle Glade at the corner of South Main St. and S.E. Ave. E. Another in a series of firms which have opened for business here.

Lawrence W. Connell and his associate, Frank Cochran, have been serving the public from their choice location since Oct. 3.

Grand opening celebration will be held Friday and Saturday, Oct. 24-25, Connell announced.

Connell, for five years associated with Belle Glade Motors here, is a native of Tallahassee and was with Pakhoke Motors for a year before coming to Belle Glade.

He and his wife, Ruth, have two children, aged five and nine.

Cochran is a native of Pahokee and was formerly platform foreman at Pahokee, Lake Shore Grower Co. here. His father, W. H. Cochran, was formerly platform foreman at Pahokee. Young Cochran served with the Army in Germany 1953-1955; is married with no children.

Connell has participated in the three-week Gulf Dealer Training Program at Miami school of instruction to which Gulf Oil sends all its new station personnel.

All facets of the service techniques and Gulf business formulae are covered in the course, Connell said. That means he's able to be of better service to his customers.

Chapter Approves Changes In Bylaws

Two proposed changes to the bylaws were approved at the regular meeting of the Xi Beta Gamma Chapter of Beta Sigma Phi Sorority. The chapter met at the home of Mrs. Tom Chapell, with Mrs. Louis Kirchman presiding.

The group also voted to have the corresponding secretary send a notice of the proposed changes to each member of the chapter to study before voting, and to assist the Ritual Chapter who are in charge of the "Sweet Shop" at the Halloween Carnival by donating food.

Mrs. O. G. McWhorter, program chairman, distributed program books and Mrs. Kathleen Dexter passed out copies of budget for year which are based on dues. The budget was accepted.

Announcement was made of the next meeting at the home of Mrs. Grant Averill with Mrs. J. E. Williams giving the program on "End of Life."

Dr. Allen Attends Forage Conference

University of Florida staff members, extension personnel and experiment station representatives attended the Florida Pasture and Forage Conference at Gainesville, Oct. 16-17.

Dr. Robert J. Allen, assistant professor of animal husbandry, participated in the conference, presenting a report on co-operative fall nitrogen fertilization of grass experiments on sandy soils in several locations around the state.

He also presented a report on plastic covers for silage storage conducted at the station. Other highlights of the program included reports on the planned plant science research unit at Gainesville and the Cobalt 60 experiments.

Dr. Fritz Boyd of the Ft. Lauderdale plantation field laboratory of the University of Florida also attended the meeting. The conference will be held Oct. 19 at Ocala, no date was set.

Nobody Scores As 'Cats Hold Mays'

The undefeated, twice tied Lake Shore High School Bobcat football team play Attucks High of Dania tonight at Dania, Coach Ben McCoy said this week.

They're expected to put this one in the win column after battling to a scoreless tie Saturday night.

Dania holds only one victory for the year for four starts. They beat Carver of Delray 9-6.

The Cats outplayed Mays, never allowing them to cross their 30 yard line while the Bobcats drove to the one yard line but couldn't score.

Mays had to be 38 yards on the ground and 61 in the air.

Belle Glade rolled up 120 yards rushing and 38 in the passing department. Quarterback Ira Wilson was laying the passes in the hands of receivers only to see them dropped. They completed three of nine tosses.

It was something of a moral victory for the Bobcats, who outweighed almost 20 lbs per man in the line. Eddie Coleman got 59 and Alfred Egleston 33 of the Bobcat yards.

Last year Mays rumbled over Belle Glade 41-20 in 1956. It was 52-6 favor of Mays. Mays had rolled over North Dade 59-0, Blanche 61-0, Pompano 32-0, and Northwester of Miami 7-0; lost only to Carver of Miami 12-6 before the Bobcats stopped their advances.

Lake Shore now has a 2-0 record. They've allowed an average of 47 yards per game on defense. Their next home game will be Oct. 31 against Carver of Delray.

Testimonial Tea Honors Mrs. Rosa Lee Thompson

A recent meeting of the Home Missionary Society of St. John's First Baptist Church honored Mrs. Rosa Lee Thompson for her service in the church and community.

Mrs. Thompson has served as president of the Missionary Society for nine years, financial secretary of St. John's, financial secretary of Palmetto's Lodge 32 and recording secretary of the Women's Civic League.

Mrs. Daisy Murrell served as mistress of ceremony for the testimonial tea at the home of Mrs. J. T. Houston. Mrs. M. M. Robinson, instructor at Lake Shore Elementary School, was principal speaker.

Mrs. Amelia Houston, a prominent missionary, church and civic worker, was chairman of the program and hostess of the affair.

Negro Deaths

Funeral services were held Oct. 20 at St. John's First Baptist Church for Elvina Wilkerson, 81, who died Oct. 13 at her home, 5414 SW 7th St. Rev. B. Adams, pastor officiated. Burial was at Fort Mayaca. Survivors include a son, Norvy Wilkerson, Belle Glade.

Services were held Oct. 22 for James G. Brown, 47, at Mt. Zion AME Church, Rev. M. F. Fayson, pastor, officiating, following his death Oct. 16 at his home, 561 SW 7th St. Burial was at Fort Mayaca. Survivors include his wife, Essie.

No arrangements have been announced for Jonathan, group of Pahokee who died of injuries sustained during the Sunday tornado at Pahokee.

Clewiston Soldier In Parachute Mock Battle

Army PFC Sylvester R. Tate Jr., 19, son of Mrs. Virtess Tate, Route 2, Clewiston, is scheduled to participate with the 101st Airborne Division's 51st Infantry in a parachute assault on Fort Campbell, Ky., as part of "Exercise White Cloud."

The exercise, beginning at Fort Campbell Oct. 23, and concluding at Fort Bragg, N. C., is designed to test the effectiveness of Strategic Army Corps (STRAC) troops in making swift and decisive assault movements.

Tate, an automatic rifleman in the infantry at Fort Campbell, entered the Army in July 1957 upon graduation from Harlem Academy High School. He completed basic training at Fort Jackson, S. C.

King and Bernice Lewis, son born 9-30-58, Jimmy and Emma Alvin, son born 9-30-58, Hugh and Hattie Moore, son born 10-4-58, Roosevelt and Mable King, daughter born 10-16-58, Willie and Elizabeth Grantlin, son born 10-11-58.

Part II Let's Take Another Look At Florida

Address By
R. B. Roberts, Vice President
and Director of Economic
Research, Florida Power and
Light Co. before the Palm Beach
County Resources Development
Board at Boca Raton, Fla.

Editors Note: We believe this discussion of Palm Beach County and Florida is of interest to our readers and is given with recommendation for study.

Last week Mr. Roberts discussed some of the economic extremes experienced in Florida in past years then sketched the growth factor the state has enjoyed. He went on to describe the electric needs of the county.

This week he examines the requirements of power in the future based on estimates and evaluations of three major factors: the tourist business, construction and manufacturing.

What does the future promise Florida and Palm Beach County in the development of jobs through the expansion of (a) the Tourist Business - the great creator of new jobs - (b) Construction and (c) Manufacturing?

(a) The Tourist Business: Florida's rapidly increasing popularity as a vacation destination - shows a 100% increase in 3 years. A survey made by the same reliable source, Curtis Publishing Company, in 1958 put Florida in second place - second only to New York. The 34% saying "We're going to Florida" in 1950 increased to 77% in 1952 and to 125% in 1954.

There is a tremendous increase in the number of families in the county who can afford a Florida vacation. In 30 years the total number of families in the county increased an estimated 53% against an increase in the financially able families in the same period of 37%.

Families may want to vacation in Florida and may be financially able to do so but they must also have the time in paid vacation weeks. In the same 30 year period the number of paid vacation weeks has increased from 17 1/2 million to 73 million. In that same time, employment has increased 57%.

But families cannot afford to spend all their time getting to and back from Florida. The new roads and highways have cut car travel time in half and the airplane has increased and will increase the speed of travel 700% in the 30 year period 1925-1955.

The continued expansion of these basic elements almost assure an accelerated increase in the rate of development of our

most important Tourist Business. Even by 1959 at least 8 million families may be bound for Florida vacation. Of the nearly 30 million families that financially able to enjoy such a vacation in the only sub-tropical climate in continental United States.

Palm Beach County in 1957, exclusive of apartment rooms, a large portion of which may be occupied by residents, had nearly 25,000 tourist accommodations (rooms) or 9% of the State's total.

(b) Contrast Construction: Florida's performance in building homes in 1958 as compared with other nine leading states in total number of homes built is interesting. Florida, with a very substantial 10% increase was the only State to show any increase at all. In the first three months of the recession year 1958 as compared with the same three months in 1957, with the second largest total number of homes started, showed an increase of 7% against a decrease of 3% in the U. S. A. Florida ranked second in numerical increase.

According to Dodge reports, this County showed an increase of 20% for the first three months and 35% for the first six months of 1958. In normal times, home building and construction of commercial and industrial buildings will continue to grow with the permanent population.

(c) Manufacturing: Florida's increase in Manufacturing Employment ranked tenth for the 1-year period, 1947-1954 (the years of the last two U. S. Censuses of Manufactures). She ranked seventh for the three years since 1954 and first in the recession year of 1947. With the increasing demand for higher and higher skills, and in normal times - with the rapidly becoming increasingly short, a factory located in Florida where people - even scientists and engineers - like to live and work, will have a minimum recruitment problem.

This future shortage is shown in the opinion of industrialist Arthur Vinson, Vice President of General Electric Company. Against an anticipated increase of 100% in the demand for electrical goods by 1964, an increase of qualified work force of only 13% is anticipated. The increasing degree of mechanization requires more men who will be in increasingly short supply.

Records show an eight fold increase in the average use of electric energy per average worker in factories in the country. Next to the minds and hands of men and women, power is the most important ingredient in manufactured goods. Because power is so important, most people are inclined to believe that cheap power is the open sesame to manufacturing growth. The pie chart shows how insignificant the incremental cost of power really is. In 1964 the average manufacturer in the country paid only 1/10 of his sales dollar for purchased power. If he could save it all,

he could not afford to move around the block for lower power cost. But, while the cost of power is - on the average - in no way a controlling factor in the location or relocation of a factory, the availability of dependable power sometimes in tremendous amounts, is an absolute necessity.

Our Company is fully cognizant of this controlling fact. We now have under construction an underground power station, sufficient system capacity to increase our 1957 capacity by 83%. That's right on top of a 76% increase in the prior 4 years.

We will have increased our total capability 221% in 8 years against an anticipated increase in customers of 100%. Both figures are almost astounding. We are building now to supply power as and when needed by thousands of large and small plants, most of which do not know today that they will be in Florida before 1959.

Florida and Palm Beach County, we believe, can look forward to many years of rapid and sound economic expansion. We are building for it today.

Thompson Seeks School Board
Leslie G. Thompson, prominent Lake Worth Realtor and chamber of commerce president, today made formal announcement of his candidacy for the county school board from District 3. He will run on the Republican ticket in the Nov. 4 general election, having been nominated by his party without opposition.

Leslie G. Thompson's home has been in Palm Beach County since 1948. He resides at 237 Princeton. His wife, Ruby, is a former school teacher. Thompson was born in Massachusetts and educated in the Lake Worth Chamber of Commerce in 1952; he was chairman of the Heart Fund drive in 1953. For two years he was president of the Lake Worth Civic Music association; is an active member of the First Congregational Church in Lake Worth.

As president of the Lake Worth Chamber of Commerce in 1958 he was a leader in the move to secure reconstruction of the Lake Worth Road West, known as State Road 802 and a Sunshine Parkway turn-off for Lake Worth.

He also is president of the Lake Worth Kiwanis Club. Thompson is a commander in the United States Naval Reserve.

sault on a police officer.

Negro Thomas Newkirk, whom police described as an habitual offender in this nature, struck night desk clerk Gene Kemp, juveniles.

Glades Juvenile Counselor Gene Duncan has taken custody of the juveniles after police were able to learn that these

youths took more than \$500 in cash, almost half of it from Parish Brothers Service Station, and an undetermined amount of goods from 12 businesses here. Places entered included: Parish's, Pool's Grocery, Oceola Center, O. K. Dine Store, W. C. Lord's residence, Wilson's packing house twice each, Your Food Store, Roy's Market, Crews Grocery, Daddy Dick's, plus an attempted entry at Case Rate and Eli Witt's.

As police accompanied the youths, they pointed out the places they'd entered and the manner in which they were committed on Sundays. All youths were repeat offenders but one.

OCT. 23, 1958 THE HERALD, Belle Glade Florida Page 7
fects they found he had an abundance of silver coins and a key which Lt. V. R. Clark recognized as a Belle Glade Hotel room key.

After obtaining a warrant, they searched the room to find cigarettes and whiskey allegedly belonging to the Legion post. The money, in excess of \$50, belonged to the Legion, police learned. Lamb was turned over to county authorities.

Murder
Patrolman Ben McCoy, first at the murder scene, found Sally Ann Dexter, 26 who had been shot. She was rushed to Belle Glade Memorial Hospital and died shortly after. A .22 caliber bullet had lodged at the base of her brain.

A felony warrant was issued for Dexter and a state-wide search began. Neighbors told

police the Dexters had been arguing. He shot his wife and she ran to the door. He fired a gun and missed, returned inside and fired west of 5th St. through tall weeds.

Shrinks Hemorrhoids Without Surgery
Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual surgery (ablation) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like—"I never knew I had a problem." (Bio-Dynar)—the healing substance (Bio-Dynar)—is now available in suppository or ointment form. Call Preparation H. At all drug counters—money back guarantee.

Fun to do! Easy for you! Have an
Indoor Picnic
with the extra-convenience of King Size COKE!

FOR SUMMER FUN all year 'round... have a picnic right in your own home. Try easy-to-fix glazed ham and yams. Just spread canned ham with orange marmalade and slice, bake until glazed. Put canned yams in same pan, bake with drippings.

With a "thirsty" dish like ham, you'll certainly want ice-cold Coca-Cola. Coke has the tingling sparkle that livens your taste—make the most bite of food more delicious. Better stock up on King Size Coke today, and be ready for your Indoor Picnic.

YOU'LL FIND ALL THE FIXINGS AT YOUR GROCER'S!

The Belle Glade Women's Golf association met Thursday for its first fall meeting at the county club. They voted to meet on Thursday of each week. Tee off time will be at 9 a. m.

All ladies interested in golf are invited to come out and join the group. The first fall county matches have begun and Belle Glade golfers will play Tequesta on Nov. 12. Those participating in the county matches now including Lake Worth, West Palm Beach and Delray Beach. Tequesta has recently joined.

Brooks Family Attend Byrom Register Rites

Relatives were notified here of the death of Byrom Register of Jacksonville, who died suddenly Sunday of a heart attack at his home.

Survivors include his wife, Mrs. Byrom Register, daughter of Mrs. Carrie Brooks of this city. Relatives in addition to those mentioned above are: Mrs. J. D. Brooks, Mr. and Mrs. Gene Brooks and Mr. and Mrs. Whitman Thomas, all of Belle Glade. Interment was held in Lake City.

Attend District Meet

Representing Belle Glade at a meeting for District and Neighborhood chairmen at the Girl Scout Campsite in part of Jonathan Dickson Park last week were Mrs. Fred White and Mrs. Robert J. Allen, Jr. Among plans made were those for the expanded neighborhood jurisdiction in the Council. A nose bag lunch was held at noon. A drinks were furnished by chairman of District I.

THANKS TO ALL OF YOU
Our hearts are full of appreciation for the many kindnesses shown us by the wonderful people of Belle Glade during our hospitalization at Good Samaritan and Duke University Hospitals. Every card, letter, inquiry, and offer for assistance was appreciated more than we can say, as were the lovely flowers. Your many kindnesses will never be forgotten.
Milton Braden and family

Ample cooking facilities in a large kitchen will be used in the preparation of the light menu items. A charcoal broiler is being installed along with other kitchen necessities, she said.
Assisting Mrs. Dunlap will be Mrs. Dorothy Hayes and a sister, Mrs. Ouida Phinaze. The upstairs area will be used as living quarters.
Rardin Named Member Of Nat'l County Officials
For the fourth time in many years, recognition for the Palm Beach County Commission has come from the National Association of County Officials.
National President Pat Johnson, Washington D. C., announced this week that he is reappointing Commissioner Paul Rardin, Canal Point, to the Association's roads and highways committee. Rardin during one of his four years as a member of the committee, served as secretary to the group.
The Glades commissioner is expected to be in attendance when the Association holds its annual winter conference Nov. 23 at Asheville, N. C.

Changes Improve Hospital Facilities

During the first six months of his work as administrator at Belle Glade Memorial Hospital, Floyd Miller, Jr., through the cooperation of the staff and hospital board has effected a number of changes and improvements and looks forward to one of the better years for the institution.

Probably most important of the changes has been the licensure by the State Board of Health after the hospital corrected a long list of discrepancies following a survey.
With the license came the privilege of purchasing war surplus items at drastically reduced prices. There was the used panel truck for \$250, a \$1,200 dishwasher for \$125, a \$1,000 item for a proposed laundry for \$200 and other smaller tools and pieces of equipment.
By throwing away antiquated equipment and worthless items, a garage floor was concreted and made available for record storage space. This may eventually result in storage rooms in the building being used as private patient rooms.

A porch for the outside storage of gases, the completion of a medical records library, improved dietary program, various office procedure changes and better use of available funds are among the changes Miller expects to pass during the past six months.
Once each week now a highly-trained radiologist, Dr. Irvin Deulich, member of the College of Radiologists, will inspect film and make recommendations on X-ray cases.

"We're trying to do all we can for the patient's welfare and employee's benefit. We need the community's help," Miller said.
Miller praised the work of his assistant administrator, John Zimmerman, and complemented the staff, doctors and hospital board for their help and cooperation in making the six months a productive time for the hospital.

One person, whose name was withheld, helped pay for the floor in the garage, Miller reported.
New Doctor
Dr. Donald J. Ellis has entered practice with his office at the Belle Glade Medical Center, 209 S. W. Ave. B. He practiced at West Palm Beach for several years following his graduation from Cornell Medical School and internship at the Boston City Hospital.
Mrs. Ellis and the six children ages three months to seven years of age, will move to the Glades later.

The addition of a qualified surgeon for practice in the Glades is most welcome and marks a substantial advance in the rounding-out of proper medical services to this fast-growing community.

Trampolines, Jumps, Harris Dunking Pools, Balloons, Dick Hodges, Fish Pond, Jaycees and Jay-Cettes, Hay-Ride, Milton Carpenter, Horse rides, Dr. and Mrs. R. Y. Creech Jr., Bull and Pig Races, Mrs. Tom Breggar, and the Pick-Pocket men, H. L. Zumpf.
The merchants and professional men of Belle Glade are being solicited this week by Mrs. M. E. Ludlow and Mrs. C. W. McWhorter for cash and prize donations for which the committee is most grateful. This is the only project sponsored by the P. T. A. during the entire year, to raise money for the benefit of the school children and the school project they sponsor.

Salute to FLORIDA COUNTIES

Okeechobee County Seal, Okeechobee

730 60 MILES

Named for the largest fresh water lake in the United States which borders it on the south, Okeechobee County is a natural attraction for sports fishermen and hunters. Commercial fishing is a principal source of income, along with beef cattle and agricultural products. Historic Fort Buajeger, built for protection against hostile Indian tribes in the state, still stands beside the Kissimmee River which borders Okeechobee County on the west. Okeechobee, this county seat, is located on the "Big Lake".

In representative Okeechobee County, and throughout Florida, the United States Brewers Foundation works consistently to assure the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with the Armed Forces, law enforcement and governing officials in its continuing "self-regulation" program.
